

# What is a Social Punch Card & Why Should I Buy One?

Social punch cards are available at the office for **\$10.00**.

The card is good for 10 programs (plus one bonus program) and it does not expire, therefore it will carry over from year to year. Cards are available for members only and are to be used exclusively for programs by members.

The programs included are as follows\*:

**Lunch 'n Learns**

**Casino Trips**

**Matinees**

**Travelogues**

**Charleswood Café**

**Seniors Residence Trips and Tours**

**Lectures**

**Special Presentations**

Members must come down to the Centre to have their card punched to sign up for a program. There are certain programs where it is necessary to sign up and punch your card in advance such as the Lunch 'n Learns or the Casino Trip so you can reserve your spot.

For programs that do not depend on member attendance such as the matinees or travelogues, your card can be punched on the day of the program.

If you are uncertain about attending a program, it may be advisable to wait as there are no exchanges or refunds once a card is punched. Keep in mind that if you choose to wait to punch a card, there may no longer be space for you in that particular program.

\*We reserve the right to modify this list without notice.

Punches are non-transferable unless a program is cancelled by the Centre.

Punch Cards are available **for members only**.
